WORK EXPERIENCE

Farm Owner / Manager | Dew Point Farms, Enugu, Nigeria | 2017 – Present

- Developed farm strategies that increased crop yield by approximately 25% within two planting seasons.
- Analyzed operational costs and resource allocation to reduce farm expenses by 15%.
- Supervised and trained farm workers, improving productivity and task completion rates.
- Maintained production, inventory, and sales records to support planning and profitability tracking.
- Improved farm output and sales volume through better crop planning and operational management.
- Used data tracking and reporting to support decision-making on planting cycles, expenses, and sales performance.

Site Engineer | Rockland Development Limited, Awka, Nigeria | 2011 – 2017

- Supervised construction projects to ensure compliance with engineering specifications and safety standards.
- Reduced material waste through effective inventory planning and site coordination.
- Improved project delivery timelines by coordinating labor, materials, and equipment efficiently.
- Conducted inspections and maintained project reports to monitor progress and reduce rework.
- Prepared site documentation, operational reports, and project performance records.
- Collaborated with project stakeholders to improve accountability and workflow efficiency.

Marketer | AIMS Asset Management Limited, Enugu, Nigeria | 2007 – 2011

- Promoted stock investment and portfolio management services to prospective clients.
- Acquired and onboarded new clients, contributing to growth in managed investment accounts.
- Built and maintained strong relationships with clients through regular engagement and follow-up.
- Conducted market research and identified potential investors to support customer acquisition efforts.
- Maintained client records and prepared reports to support relationship management and service delivery.
- Worked with clients to explain investment products and portfolio opportunities based on their financial goals.

NYSC (Physics Teacher) | Obodoeti Secondary Commercial School, Delta State, Nigeria | 2005 – 2006

- Taught Physics to secondary school students and maintained student performance records.
- Prepared lesson plans and simplified technical concepts to improve student understanding and engagement.

EDUCATION

B.Eng Petroleum Engineering | Federal University of Technology, Owerri
